

WALLACE HUME

Watch Guide

Our Story

Wallace Hume was founded by two friends with a passion for minimalistic design watches and unique perlon straps that fit around every wrist. Break free from the mainstream and wear a watch that’s more than just a fashion item: a subtle reminder to take a moment and enjoy all that life has to offer.

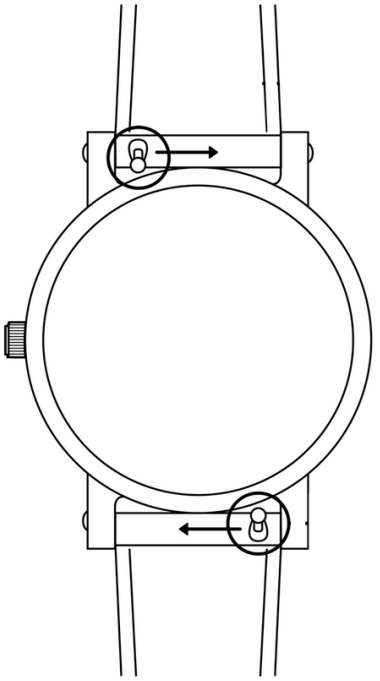

Wallace Hume

Our Journey

Our journey began with one goal in our mind: making colorful perlon straps part of every watch collection. Inspired by our perlon straps we named our brand after it's inventor, Wallace Hume Carothers. All though a brilliant man, he had trouble enjoying himself. So we looked for a symbol that could remind us to enjoy every minute and hour of the day. The hummingbird, a symbolization of the lightness of being and the enjoyment of life, was the perfect addition to the spirit of Wallace Hume.

WALLACE HUME

How to change your strap

1. Switch the spring bar left or right to unlock or lock strap.
2. Slide the strap from side of lug.
3. Replace with new strap and repeat step 1.

WALLACE HUME

Time setting

- Pull the crown out until it clicks.
- Rotate the crown to set the time.
- Push the crown back in and you're set!

Water resistancy

The water resistance of a Wallace Hume watch is 3ATM. This means the watch is splash resistant. Ok for rain, hand washing and other occasional contact with water.
Kindly note that water damage is not covered under the 24-month warranty.

WALLACE HUME

Welcome to the family

Our community has quickly evolved into an incredibly powerful global movement, that everyday, photo by photo helps to grow, define and develop the Wallace Hume brand. The community is a cornerstone of Wallace Hume. The engagement and participation from people all over the world is inspiring and humbling and something we are incredibly proud of.

Disposal of materials

The crossed-out wheelie bin symbol on Wallace Hume product or its packaging means that the product should not be disposed of with your other household waste. It is your responsibility to dispose of your waste equipment separately from the municipal waste stream. The correct disposal of your end-of-life equipment will help prevent potential negative consequences for the environment and human health.

Packaging

Care for the environment. Please dispose of this packaging thoughtfully. Do not litter.

Warranty and repair

Wallace Hume offers a warranty of two years from the date of purchase. The two year warranty on a Wallace Hume watch guarantees the customer that the product meets the standards of usability, reliability and durability. The warranty does not apply to:

- Damages as a result of inattention or improper usage such as scratching, bouncing, falling
- Failure or damage caused by unjustifiable repair or modification performed by a prior party without prior written permission by Wallace Hume
- Failure or damage caused by fire or water (all contact with water should be avoided)

- Esthetic changes that occur during normal wear and tear and aging (e.g. alteration of the color of the strap, scratches on the case and/or crystal, and peeling of the plating on the case)
- Battery replacement, also during the warranty term

In case of questions regarding warranty or any other question, you can always contact the Wallace Hume support team via support@wallacehume.com.
